In Re: Breathitt County Water District Billing Cycle
Case no. 2011-00406

RECEIVED

DEC 2 2011

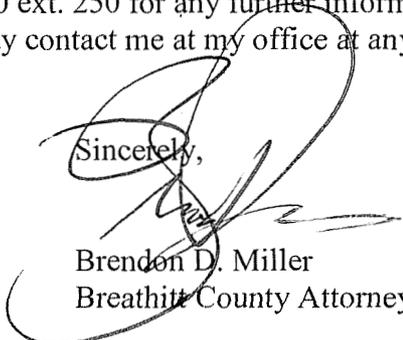

PUBLIC SERVICE
COMMISSION

Dear Mr. Reed:

At the request of Estill McIntosh, Superintendent of the Breathitt County Water District, the following is documentation of the current billing situation of the Water District. On November 1, 2011, the rate for purchase of water from the City of Jackson, increased by \$1.00 per thousand gallons from \$1.90 to \$2.90. The billing cycle of the Water District on November 1, 2011, fell on November 1st, and was for meter readings on October 14th. The next billing cycle for the Water District will fall on December 1, 2011, for meter readings on November 14th. The current billing system for the Water District will not allow it to bill customers for one-half month of service at separate rates. As a result, the Water District will be paying a higher rate to purchase water than what it is billing its customers for the time period of November 1st to November 14th. The rate charged to Water District customers will be raised on the January 1, 2012, billing cycle for the December 14th reading, to reflect the higher rate due to the increase.

Please contact Mr. McIntosh at (606) 666-3800 ext. 250 for any further information or clarification that you may require. Otherwise, you may contact me at my office at any time.

Sincerely,

Brendon D. Miller
Breathitt County Attorney
